### About Smart Sand:

We are a fully integrated frac sand supply and services company, offering complete mine to wellsite proppant supply and logistics solutions to our customers. We produce low-cost, high quality Northern White sand, which is a premium sand used as proppant used to enhance hydrocarbon recovery rates in the hydraulic fracturing of oil and natural gas wells and for a variety of industrial applications. We also offer proppant logistics solutions to our customers through our in-basin transloading terminals and our SmartSystems™ wellsite storage capabilities. We market our products and services to oil and natural gas exploration and production companies, oilfield service companies, and industrial manufacturers. We own and operate premium Northern White sand mines and related processing facilities in Wisconsin and Illinois, which have direct access to four Class I rail lines, allowing us to deliver products substantially anywhere in the United States and Canada.
